## Letter of Congratulations

To: Nebur-King Coffee Group (Canada) Inc

On behalf of the Canada China Business Council Shanghai Chapter, I congratulate your company on opening another coffee shop in China. I also sincerely wish all the successes in your partnership with Ningbo Renhe Hotel Management Ltd.

The CCBC Shanghai Chapter is essentially the Canadian chamber of commerce in Shanghai. We are a non-profit, membership-based business association that seeks to facilitate and to promote trade and investment between Canada and China. With over 150 Canadian and Chinese companies and another 150 individual members in the CCBC chapters, our members range from small and medium sized enterprises to large multinational companies, representing a diversity of sectors including financial and investment services, legal services, information and communication technology, education, manufacturing, construction, transportation, mining and energy.

Being one of the most economically vibrant cities in the Yangzi Delta region, Ningbo is a great place for Canadian businesses. As the Chairman of the CCBC Shanghai Chapter, I am delighted to see Canadian companies like Nebur-King Coffee establishing their market presence in Ningbo, thereby making contributions to the development of commercial link between Canada and China.

Once again, congratulations! You can count on me to visit your coffee shop whenever I am in Ningbo.

Yours sincerely

Stephen DeKuyper  
Chairman  
Canada China Business Council  
Shanghai Chapter
